VICE PRESIDENT'S REPORT

120 paid members so far, compared to 137 total last year. We are tracking down unpaid members from last year. The association is moving away from mass mailings toward digital communications, although some members prefer hard-copy.

APPAREL UPDATE

Rachel is continuing to refine the offerings. Items can be personalized. Pictures of items and order forms are on the web site. Some older items are still available.

BINGO

Shelley needs one more volunteer for Friday night 5:00-7:30.

SECRETARY'S REPORT

Creel Survey, apparel, and map have been updated on the web site.

PICNIC

We do not have a chair for the picnic this year. If no one volunteers within a week, we won't be able to have a picnic this year, and we'll have a membership meeting instead of a picnic.

WATER QUALITY

Water quality will be sampled again this year. Results will probably be available in August.

FISH COMMITTEE

The last fish plant was yellow perch in March. Fathead minnows will be planted as a feeder fish this year. Progressive AE has suggested that we conduct a fish survey, and there have been several suggestions about capturing data. There were several suggestions about making the Creel Survey known and accessible.

GARAGE SALE

Reminder that the garage sale is coming up.

GUEST SPEAKER

Jarod Harmon from the Branch County Conservation District. There is a need to create a watershed management plan that would facilitate grant funding.

Respectfully Submitted,

Blair Shaman
Secretary
